

Remarks:

The Examiner requested a substitute specification because the present specification does not contain page numbers. To that end, and in accordance with 37 C.F.R. 1.125(a), the Applicants have enclosed both a "clean" and "marked-up" substitute specification including page numbers. No additional text has been added.

The substitute specification presently submitted contains no new matter.

Conclusion

As the Notice of Allowance has already issued, and as no new matter has been introduced, the Applicants respectfully request that the Examiner enter the amendments herein as provided in MPEP 714.16.

Respectfully submitted,

Helen M. Doherty
